

A Message from Interim Superintendent Donald Andrews ...

August 17, 2020

Hello students and families of Anderson School District Two,

Welcome back to school, in whatever form that may take you right now! Our school district is very well prepared and so much work has been done all summer long to prepare. Classes and classrooms will be “different,” but that’s something I think we all have to get used to for the near future.

Each family should have received information about when students return to class and where. The district has implemented numerous safety protocols such as mask requirements, hand sanitizer and hand washing availability, Plexiglas installed in offices and cafeterias, signage posted throughout the schools, desk protectors for students’ desks and deep cleaning of the school daily to help prevent the spread of the virus.

There will be other changes and new guidelines to protect our students and their families, and all of our employees. Special emphasis will be made the first few days about regular and thorough hand-washing, social distancing and other safe practices. If you have specific questions, please call your child’s/children’s school directly.

Each teacher and school will provide specific instruction on their procedures to deal with the ongoing coronavirus situation.

I joined ASD2 on Aug. 1 as Interim Superintendent, and I am amazed and appreciative of all the great work behind the scenes this summer to prepare for re-opening our schools. As you’ve heard, every challenge brings new opportunity – and we are prepared to meet the challenge!

As a quick introduction, I have been in education about 45 years, including more than 22 years as a superintendent in South Carolina, North Carolina and Tennessee. I’ve worked as a district administrator, a school principal, as a teacher and a coach. I earned both my Master’s degree and my Education Specialist degree in education at Winthrop University and my bachelor’s degree from the University of North Carolina at Chapel Hill.

Please feel free to reach out to me at 864-369-7364 or dandrews@asd2.org. We are going to have a good year as we remain flexible and focused!

Best wishes to all as we start this new school year.

Respectfully,

Donald Andrews
